THE SPORT TRUCK L200

Left: 4WD GLX Double Cab with optional equipment / Sterling Silver Metallic [U25]
Right: 2WD GL Double Cab with optional equipment / White Solid [W32]

A Stylish Show of Strength. MITSUBISHI L200

Feel the power. Feel the handling.
Feel a new level of comfort in an entirely new class of vehicle.
The all new MITSUBISHI L200, it's all truck and all car and it changes the way you think about getting from one place to another.

Outstanding aerodynamic performance

The new L200 is streamlined based on advanced computer simulation to slip through the wind with a class-leading 0.42* Cd that lowers noise and raises fuel efficiency while enhancing both acceleration and handling stability.

* According to internal test results.

4WD GLX Double Cab shown with optional equipment / Fabric interior

4WD GLX Double Cab shown with optional equipment / Fabric interior

Wide Open Spaces

Travel comfortably in the L200 Double Cab, which offers class-leading space and leg-stretching relaxation. Enhanced high-quality seating, including newly designed front seats, raises driving pleasure for all occupants. Strategically placed sound insulation and vibration damping material further contribute to a quiet, comfortable ride. Everything you need, including convenient storage features, is here to support a pleasurable journey.

Class-leading cabin length

Luxurious new front seats

Quieter, more relaxing ride

- 1 Instrument panel sound absorbing material
- 2 Floor damping material
- 3 Dashboard and fender noise insulation
- 4 Backbone sound absorbing material

* Equipment may vary by model.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Dynamic Power

Power is supplied in abundance whenever you need it, from your choice of one gasoline and two diesel engines, including a 2.5-liter powerhouse that generates an impressive 100kW/4000rpm. Whatever the driving conditions, the L200 has what it takes to accomplish your mission.

Power-boosting features give L200 DI-D engines incredible performance

2.5-liter 16-valve Intercooled Turbocharged DOHC Common Rail DI-D

Two turbocharged diesel engines, including one with intercooler, deliver the spirited response you need for serious work and play. Their common rail direct injection system optimizes fuel dispersion for peak efficiency, low CO₂ emissions and power on demand.

324N·m

DOHC 16-valve layout

Dual overhead camshafts and 16 cylinder valves deliver extremely high performance by optimizing fuel intake, combustion and exhaust. Precisely balanced roller rocker arms and scissor gears also fine-tune valve timing to achieve more complete combustion.

Turbocharger

A turbocharger forces more air into the combustion chambers to significantly boost power. An intercooler optimally cools the air to further improve combustion efficiency.

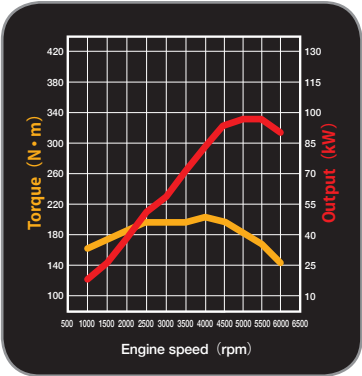

2.5-liter Turbocharged DOHC DI-D (81kW/4000rpm)

2.5-liter Intercooled Turbocharged DOHC DI-D (100kW/4000rpm)

2.4-liter SOHC 16-valve MPI

Whether hauling heavy loads or opening up on the highway, the 2.4-liter SOHC engine supplies more than ample horsepower and torque with low noise and vibration.

2.4-liter SOHC 16-valve MPI (97kW/5250rpm)

5-speed manual transmission

The 5-speed manual transmission offers a feeling of total control that many enthusiasts demand. Its solid stick shift provides smooth, sure operation so you can confidently and intuitively coax out maximum performance.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

4WD GLX Double Cab with optional equipment / White Pearl [W54]

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Robust Handling

The L200 is built for maximum stability and traction. Its rugged frame contributes to solid handling and its body is aerodynamically contoured for stable highway performance. Reliable 4WD traction combines with an advanced suspension to keep you in touch with surface conditions so you stay in firm control.

EASY SELECT 4WD

Switch from smooth 2WD (2H) highway performance to rugged 4WD (4H) traction while driving at up to 100km/h. Transfer torque to all four wheels with a flick of the transfer shift lever in the 4H mode or by entering the 4L mode, which provides lower gear ratios and higher torque for slower speed driving in rough terrain.

Note: The vehicle must be stopped while switching between 4H and 4L.

2H (2WD high range)

The choice for normal road situations. Only the rear wheels receive power, providing a smooth, quiet, fuel-efficient ride.

4H (4WD high range)

For rougher roads or hazardous conditions. All wheels receive torque, giving better traction to keep you out of trouble.

4L (4WD low range)

The best choice for sure off-road handling. Four-wheel performance shifts into low gear for maximum traction through mud or sand.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Class-leading 5.7m turning radius

The turning radius is surprisingly small for a vehicle of this size, making the L200 especially easy to park and maneuver.

*2WD: 5.7 meters, 4WD: 5.9 meters

Quick, responsive handling

Steering is sporty and responsive, requiring less effort to turn.

All-terrain confidence

Because challenges come in all shapes and sizes, the L200 is designed to climb up, over, around and through the toughest terrain.

Drivability is improved, both on and off the road. Forward visibility has also been improved through refinements to the hood and wipers. Indicated angles are valid when 205R16C tires are mounted.

Tough for work. Stylish for pleasure.

The muscular L200 is built tough to handle whatever work challenges come your way. Its ample storage capacity and durability are matched by handsome styling and spacious comfort that your traveling companions will appreciate. Streamlined styling also contributes to class-leading aerodynamics and a smooth, quiet ride.

2WD GL Single Cab with optional equipment / White Solid [W32]

Room to spare

The stylish L200 never forgets its true calling. When you're hard at work, it provides all the space and tough reliability you need. The spacious cargo bed is also solidly reinforced to offer outstanding durability.

Cargo bed inner hook x 6

Multipurpose cargo bed outer hooks

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

Double wishbone suspension

The rugged suspension features double wishbones with coil springs and a stabilizer bar in front, plus no-nonsense above-the-axle leaf springs in the rear for outstanding traction. The ride is stable and comfortable for all occupants. Note: Specification may vary by model.

Durable design

In front, a more rigid engine compartment and double striker in the hood safety mechanism contribute to enhanced durability and safety. In the cargo bed, the rear corners are specially reinforced to disperse the force of impact when cargo shifts and prevent damage such as cracks in the side panels.

Robust construction

More rigid engine compartment

Reinforced rear corners

Hood safety mechanism with double striker

Convenience

Tilt steering

Multi-information display

Manual air conditioner

Floor console with lid

Keyless entry system

The keyless entry system lets you lock or unlock the doors with the press of a keyless entry key. Two keys are provided for the convenience of couples.

ETACS (Electronic Time and Alarm Control System)

Power window timer
Even after shutting off the engine, the power windows can be opened or closed for 30 seconds before opening the door.

Headlamp auto off function
After switching off the ignition and stepping out of the car, the headlamps automatically turn off to help conserve battery power.

Auto door relock system
Within 30 seconds of pressing the unlock button from outside the car, this system will automatically relock all the doors if none have been opened.

Auto speed adjustable wipers
In the Timing mode, the window wipers operate faster at higher vehicle speeds.

Safety

RISE body

Collision safety performance is significantly enhanced by Mitsubishi's RISE (Reinforced Impact Safety Evolution) body, which efficiently absorbs energy and maintains high cabin integrity in the event of a collision.

Rigid lightweight body

The body is extremely sturdy and lightweight, thanks to the generous use of high tensile strength steel plates that also contribute to a high level of collision safety.

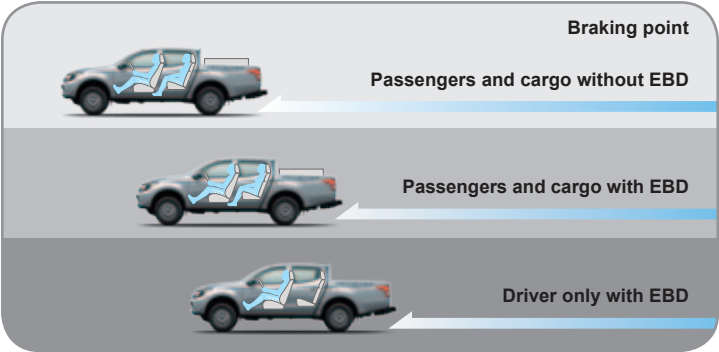

Driver and passenger airbag system

In the event of a collision, front SRS airbags help protect you and the front passenger by absorbing the force of impact. (Optional)

Pretensioners

Pretensioners on the front seatbelts automatically tighten the belts in the event of a frontal collision to help restrain the driver and front passenger and reduce the force of impact when the front airbags are deployed. (Optional for driver and front passenger)

ABS with EBD

The L200's ABS gives you the ability to suddenly maneuver safely around obstacles as you slow down. EBD (Electronic Brake-force Distribution) assists by applying additional force to the rear brakes as needed, enabling quicker stops even when carrying passengers and heavy loads.

Power windows

The driver's side window can be raised or lowered with a single touch and features an anti-trap mechanism for safety.

Double Cab GLX (4WD)

Available engines: 2.4-liter ECI-MULTI, 2.5-liter intercooled turbocharged DI-D

Double Cab GL (2WD)

Available engines: 2.4-liter ECI-MULTI, 2.5-liter turbocharged DI-D

Single Cab GL (2WD)

Available engines: 2.4-liter ECI-MULTI, 2.5-liter turbocharged DI-D

Type (code)		2.5-liter 16-valve inline-4 intercooled turbocharged DOHC diesel (4D56)	2.4-liter 16-valve inline-4 SOHC petrol (4G64)	2.5-liter turbocharged 16-valve inline-4 DOHC diesel (4D56)	2.4-liter 16-valve inline-4 SOHC petrol (4G64)	2.5-liter 16-valve inline-4 turbocharged DOHC diesel (4D56)	2.4-liter 16-valve inline-4 SOHC petrol (4G64)
Displacement	cc	2,477	2,351	2,477	2,351	2,477	2,351
Max. output (EEC net)	kW (PS)/rpm	100 (136)/4,000	97 (132)/5,250	81 (110)/4,000	97 (132)/5,250	81 (110)/4,000	97 (132)/5,250
Max. torque (EEC net)	N·m (kg·m)/rpm	324 (33.1)/2,000	202 (20.6)/4,000	200 (20.4)/1,500-3,500	202 (20.6)/4,000	200 (20.4)/1,500-3,500	202 (20.6)/4,000
Fuel System							
Fuel supply system		Electronic Common Rail Direct Injection	ECI-MULTI (Electronic Controlled Injection-Multi Point Injection)	Electronic Common Rail Direct Injection	ECI-MULTI (Electronic Controlled Injection-Multi Point Injection)	Electronic Common Rail Direct Injection	ECI-MULTI (Electronic Controlled Injection-Multi Point Injection)
Fuel tank capacity	liters	75				75	
Drive system							
Type		Easy Select 4WD		—		—	
Transmission							
Type		5-speed manual				5-speed manual	
Steering							
Type		Rack-and-pinion, power assisted				Rack-and-pinion, power assisted	
Suspensions							
Front		Wishbone, coil springs				Wishbone, coil springs	
Rear		Elliptic leaf springs				Elliptic leaf springs	
Brakes							
Front		16-inch ventilated disc brakes		15-inch ventilated disc brakes		15-inch ventilated disc brakes	
Rear		11.6-inch leading-and-trailing drum brakes		10-inch leading-and-trailing drum brakes		10-inch leading-and-trailing drum brakes	
Tires and wheels							
Tires (front and rear)		205R16C 8PR		195R15C 8PR		195R15C 8PR
